The Registered Education Saving Plan (RESP) deadline is fast approaching!

With an RESP from Educators you get access to solid investment advice with a variety of investment options, and pre-authorized contribution plans. It's that easy!

Did you know...

You can jump start your education savings with incentives. You can receive a Canada Education Savings Grant (CESG) equal to 20% (\$500 maximum) of your investment for a contribution of \$2,500 per calendar year with a lifetime maximum of \$7,200, plus possible catch-up grants.

A great gift strategy for grandparents, aunts, uncles and family friends. An RESP offers flexibility, tax-deferred investment growth and direct government assistance to help you save for a child's education.
